SOCIAL and Club Matters

The West End Club had a delightful meeting with Mrs. E. J. Fountain Friday evening at her handsome home, which was charmingly arranged for the occasion. Progressive finch was the game and eight tables were used. Pretty red stockings cut from cardboard were used for marking the game, a hole being punched for each game. Mrs. G. M. Brandon was the victor, and upon the announcement being made, Mrs. W. S. Howell read to her a charming original poem applicable to the occasion. A dainty and palatable salad course was served. Those present were: Mesdames Jno. M. Lawrence, Mooring, W. C. Fountain, Oliver, Tilson, Doremus, DeMaret, McKenzie, A. M. Rhodes, Felder, Sam M. Winters, Brandon, Boyle, T. K. Lawrence, Carlton, E. J. Fountain, members; Mesdames A. J. Buchanan, T. R. Batte, Withers, A. M. Waldrop, Paul Bradley, W. Wipprecht, Burger, F. Marion Law, Ed Hall, C. A. Adams, H. G. Rhodes, Gordon, Pryor, Carnes, W. S. The first regular meeting of the Shakespeare Club was held Thursday afternoon with the president, Mrs. H. A. Burger. Mrs. Burger received the members cordially and upon calling the meeting to order, addressed them briefly regarding the year's work, expressing the hope and belief that the ladies will be punctual in attendance upon the meetings, taking a lively interest in the work and shirking no duty. Before concluding her remarks the new president paid a graceful and well deserved compliment to the president of last year, Mrs. Oliver. The lesson was Act I, Scenes I and II, of Julius Caesar. A paper by Mrs. Carnes on "Position of Julius Caesar Among Shakespeare's Plays," and another by Miss Coulter on "Shakespeare's Caesar and History's Caesar," were read, while Miss Mamie Sims gave "Pen Pictures of the Scenes of the Lesson." The reading and discussion of the lesson followed with much interest and profit. The club meets next with Mrs. Withers.

The Bachelor Girls were entertained at the home of their president, Miss Arrie Cole, Wednesday afternoon. Progressive finch was the game and Miss Adelle Read took the first prize, a pretty statuette, and Miss Lucy Board was given the consolation prize, a bottle of "Hoyt's perfume." A salad course was served. The membership this year is as follows: Misses Cole, Lucy Board, Boatwright, Crudgington, Doremus, Harbers, Sallie Johnson, Keeling, McConico, Hattie McConico, Pitts, Read, Edith Rhodes, Robinson, Emily Thomas, Mattie Watkins, Henrie Wilson, Nonie Adams. Honorary members: Mesdames Perkins, Moore, S. C. Williams, E. H. Astin. The club meets Wednesday next with Miss Board.

L. S. Ross Chapter of the Daughters of the Confederacy will celebrate the birthday of Judge Jno. H. Reagan, by sending him a letter of congratulation on that date, Oct. 8. A letter of condolence on the death of her late husband will be sent by the ladies to Mrs. Spencer Ford. The Chapter has elected Mrs. W. A. Read treasurer, Miss Virginia Watkins, recording secretary, and Mrs. Paul M. Raynor, parliamentarian. The chapter will meet next with Mrs. W. S. Wilson Oct. 16.

The south room on the second floor of the Carnegie library building has been tendered to the ladies' clubs of Bryan for holding their meetings, it being understood that the clubs bear the incidental expenses in connection with the use of the room.

As an indication of the amount of business Bryan is doing this fall it is only necessary to state that cotton receipts to date this season aggregate 746 square bales and 1120 round bales by wagons, equivalent to 8306 square bales. In addition to this, considerable cotton has been received by local freight, the compress having pressed to date 8750 bales. The Bryan press gets cotton from as far as Thorndale. Other trade conditions and the financial ability of Bryan to do business are shown by the fact that the money on deposit in the two local banks yesterday aggregated \$600,000.

BRYAN, TEXAS, OCT. 4, 1903

GOV. LANHAM ON RACE QUESTION.

In his address at Fort Worth on Labor Day, Governor Lanham said: "While I stand for the right of the colored man, while I want him to receive every right he is entitled to receive, even at the hands of the public treasury, I want to say that though there is now no slavery question, the negro question is with us today. Whether it will reach an acute stage I am not prepared to say, but I do say that whosoever, high or low, promotes or encourages social equality between the negro and the white man is an enemy of this government. He is a friend neither of the white man nor of the black man, and such teaching is against tranquility of the nation. This problem will be worked out by and by. I throw out this suggestion now because it seems not inappropriate on this occasion."

Sheep raising, once all the rage in west Texas, and many a man's financial ruin, is again growing in favor, owing to low prices for cattle. Reckless investments in sheep, without adequate range and protection, will hardly follow this time.

Track-layers on the Trinity & Brazos Valley railroad have reached Mexia, and trains will be started in a few days.

CHRISTIAN CHURCH.

There will be services at the Christian church today, both morning and evening, and I shall be very glad to have all the members attend. We only have a few more services together, and I would be glad you would come not for my sake only, but for the church's sake especially. We will also be glad to welcome any friend who desires to come. All are welcome, and the invitation is to all. "Whosoever will let him come." Let us do our best the remaining portion of the year. We have many reasons to be thankful. Come praying and let us have a good service. Respectfully your pastor, Jewell Howard.

CARD FROM BURT NORWOOD.

We take this medium of expressing our gratitude to the thousands of people who honored this institution with their presence and patronage during our Red Letter Sales.

The universal scope of our house makes it everybody's store.

A season of half price sales, drawing to the store people in all walks of life, attested the fact.

Planned on an aggressive, extensive scale, dependable throughout, the Red Letter Sale stands without precedent.

It was the means of acquainting all classes with the reasonable prices and high character of merchandise throughout the different sections—then delighting them with the half price, reliable reductions.

The influence of such a sale is far reaching—the friends it made—the comment in the home—the confidence the people have in the store are inestimable assets.

Throughout it was a magnificent event—for the people—for us.

Respectfully,
d-w Burt Norwood

IN DEEP RED COVERS.

Pronouncement of Former Secretary Chamberlain of This Hue.

KEYNOTE OF ARTICLE

Declares Every Other Nation, Also Colonies, Has Refused to Accept Cobden's Gospel and Are Prosperous.

London, Oct. 3.—"Every other nation and all our own self-governing colonies refused to accept the gospel of Cobden, and yet, although they ought, according to its dogmas, be in the last stage of depression and decline, they have grown during the last twenty years in wealth, population and in everything that goes to make up the greatness of a nation."

That is the keynote of Joseph Chamberlain's manifesto, which will be published at once in the form of a preface to the selling pamphlet entitled "Mr. Chamberlain's Proposals: What They Mean and What We Shall Gain by Them," by C. A. Vince, secretary to Mr. Chamberlain's tariff organization. In view of the vigor with which the war pamphlets again come in vogue in English politics the publisher has appropriately given Mr. Chamberlain's pronouncement in deep red covers, in significant contrast with the undecided blue and gray of Balfour's treatise on the fiscal question.

WOMAN ARRESTED.

Charged With Defaulting to a Large Amount.

New York, Oct. 3.—Marie Layton Johnson, wife of Albert M. Johnson, a dentist of Larchmont, N. Y., was arrested Friday night on a warrant charging her with grand larceny of \$20,000. The total amount of her defaultations may, it is alleged, amount to \$50,000.

The complainants are officers of the United States Playing Card company of Cincinnati, Ohio. The officers are John M. Omwake, president and R. I. Morgan, manager of the Cincinnati office and J. R. McCutcheon, secretary and treasurer and manager of the New York branch.

Mrs. Johnson, whose maiden name was Marie Layton, was bookkeeper in the New York office and in addition acted as private secretary to Mr. McCutcheon.

In April of this year, discrepancies are said to have been discovered in her accounts, according to the statement given out by Inspector McCluskey, and an examination was said to have revealed a shortage of \$10,000 between Jan. 1 and April 15, in the accounts of the New York office.

Mrs. Johnson was discharged from the employment of the company in April, when Inspector McCluskey says she admitted defaultations of \$10,500. Later, further investigation was made into both the New York and Cincinnati accounts with the results, it is said, that the defaultations amount to \$33,000 with a possibility that they may reach \$50,000. It is said that Mrs. Johnson speculated in Wall street.

ANOTHER MASSACRE.

Almost All Christians Said to Have Been Put to Death.

Sofia, Oct. 3.—The Macedonia revolutionary headquarters assert that they have positive information that the whole Christian population of the town of Mehomia, province of Seres, was massacred Sept. 28, with the exception of ten men, who escaped with the news.

Mehomia is an important town, and the seat of the local government. The population was about equally divided between Turks and Bulgarians. The latter numbered 3200 persons.

According to the fugitives, when the general rising was declared in the Razlog district on Sunday, the Turkish troops in the Pirin mountains hurried to Mehomia and surrounded the town, rendering the escape of the Christians impossible. The Bulgarian population was prepared to join in the rising, several insurgent agents being in the Bulgarian quarter of the town at the time. Desperate fighting occurred in the streets and dynamite being freely used. After fighting for five or six hours the Turks gained the upper hand and proceeded to massacre every Bulgarian they encountered.

BACKBONE BROKEN.

Turkish Troops Are Reported to Be Gaining Everywhere.

Sofia, Oct. 3.—According to advices received here, the backbone of the revolutionary movement in Macedonia is broken. The Turkish troops are gaining the upper hand everywhere. Several insurgent chiefs have been killed or wounded. Others are abandoning the struggle and fleeing to the frontier. The revolutionary bands are sustaining heavy loss and are seeking refuge in large numbers, and the Turks occupy every important point along the routes of retreat to the frontier.

Fighting is reported to have taken place throughout the districts of Raslog, Melnik, Demirhisar and Newro-kop.

BATES AND GUILD.

Unanimously Renominated by Republicans of Massachusetts.

Boston, Oct. 3.—The Republicans of Massachusetts met Friday to nominate their state ticket. The assembly was large and Governor Bates and Lieutenant Governor Curtis Gould, Jr., were unanimously renominated. The other nominees are: Secretary of state, William N. Olin of Boston; treasurer, Edward Bradford, Springfield; auditor, Henry B. Turner, Malden; attorney general, Herbert Parker, Lancaster.

The platform endorses the administration of President Roosevelt and pledges support in 1904; reaffirms belief in the policy of protection for American industries; condemns mobs and rioting and endorses the administration of Governor Bates.

They Stopped.

New York, Oct. 3.—While Stephen Chartres, the labor mayor of Ansonia, Conn., and another carpenter were laying steel beams in a new house in Ansonia, a walking delegate of the Iron Workers' union came and asked them to quit on the ground that such work was for iron workers only. Chartres and his fellow worker stopped immediately. The mayor explained that he did not know he was violating union rules.

New Orleans, Oct. 3.—A youthful couple giving the names of Marshall Cochran and Miss Willie Davis, and saying they were from Texas, appeared at the city court in Baton Rouge and asked to be married. A license was secured and their wish gratified.

SENSATIONAL SUICIDE

Jack Stewart O'Neill Leaves Behind a Romantic Story.

LOVED, BUT MARRIED

Former Texas Newspaper Man Alleges Father of Young Lady Forced Him to Wed, Though He Had a Wife.

New Orleans, Oct. 3.—Under unusually sensational circumstances Jack Stewart O'Neill, a New Yorker, but for some time business manager of the Orange (Tex.) Daily Tribune, suicided at the St. Charles hotel Saturday. O'Neill, who was apparently twenty-five or twenty-six years of age, arrived in the city Friday night and registered at the St. Charles. He left a call for 8 o'clock Saturday morning. When the bell boy went to his room he found O'Neill's body lying across the bed, blood trickling from a wound in his head. O'Neill left a note saying he had a wife living at New York, to whom he had been devoted. Some time ago he came south and located at Orange. There he obtained employment on the Tribune and fell desperately in love with a most charming and beautiful young girl of that city. Very recently the young lady's father came to him and forced him, he alleged in the note, to agree to a marriage. Without giving him any opportunity to say that no intimacy had existed between them, or that in fact he already had a wife, which would prevent him from marrying, O'Neill said the young lady's father insisted on an immediate ceremony, which was performed. After the marriage, he wrote, he bade his new wife farewell and started on a journey to New York to tell the whole story to his original wife and assure her of his fidelity. He reached here, was unable to obtain enough money to carry him further and decided to write the full story of the whole affair and blow his brains out. In his statement he said the young lady was absolutely virtuous. A letter was addressed to her, and another to his father, J. J. O'Neill, a real estate man of Schenectady, N. Y., were also found. O'Neill had spent most of the night writing and had probably killed himself just before daylight.

No confirmation of the facts of O'Neill's story has yet reached here.

BLAZE OF LIGHT.

Chicago, Oct. 3.—Chicago's centennial celebration closed in a blaze of fireworks which illuminated the largest crowd ever assembled on the lake front. Estimates of the number which witnessed the greatest fireworks display seen here since the World's fair ranged from 100,000 to 125,000 persons. Out in the lake scores of craft cruised about, their size varying from the small rowboat and the diminutive yachts to the big excursion steamers, which were packed to the guards. The exhibition

HENRY DEARBORN.

began when red and white fires burst out along the government pier for a distance of several blocks.

A discharge of bombs and skyrockets followed immediately, the bombs exploding in mid-air and scattering red, white and blue stars in thousands. This brilliant bombardment was kept up for an hour and a quarter, while at intervals set pieces were fired and oddities introduced. Fort Dearborn at one time appeared in fiery outlines; at another time Chicago was symbolized as a Phoenix rising from its ashes; the statue of liberty stood forth; a balloon rose and from it broke out the American flag.

CONDITION OF COTTON.

Average Is Much Less Compared With Same Date Last Year.

Washington, Oct. 3.—The monthly report of the chief of the bureau of statistics of the department of agriculture will show the average condition of cotton on Sept. 25 to have been 65.1 per cent as compared with 81.2 one month ago, 58.3 on Sept. 23, 1902, 61.4 at the corresponding date in 1901, and a ten-year average of 67.4. These figures indicate the condition Sept. 25, and no attempt is made to anticipate results from future weather conditions. Reports of damage during September from rust, shedding, drought, caterpillars and worms are general throughout the cotton states, damage in Texas being caused more by boll weevil and boll worm. The crop is reported from two to four weeks late, and many correspondents report there will be no top crop.

Six Were Killed.

Peoria, Ill., Oct. 3.—An immense rooker in a main building of the Cornish Distilling company's plant exploded, killing six employees, maiming many more and wrecking that portion of the distillery.

Twenty Millions Needed.

Washington, Oct. 3.—Free delivery service will require \$20,000,000.

EVENED UP.

Boston Americans Succeeded in Shutting Out Pittsburg Club.

Boston, Oct. 3.—The Boston Americans evened up their initial defeat by shutting out Pittsburg Friday in the second game of the series for the world's championship. Dineen pitched well and Pittsburg could not hit his terrific speed and sharp curves. He gave the outfielders only two chances and the infielders few that were not difficult. The National team made only three hits and only five men reached first out of the twenty-seven who faced him. Attendance 9415. Score: Boston, 3; Pittsburg, 0.

Cincinnati Won Easily.

Cincinnati, Oct. 3.—The National of Cincinnati was easy winners from the St. Louis American Friday. Score: Cincinnati, 7; St. Louis, 0.

Nationals Victorious.

Chicago, Oct. 3.—Nationals won the second game. Score: Nationals, 5; Americans, 1. Both are Chicago clubs.

WOULD NOT BEG.

Died of Starvation Rather Than Reveal Her Pitiable Condition.

New York, Oct. 3.—Too proud to accept food from her neighbors, Jane Tucker, fifty-two years old, who lived in a back room of a Twenty-fifth street house, has been found dead from heart disease, superinduced by starvation. During forty years the woman had lived in that vicinity. Ill health recently prevented her from earning enough to support herself by sewing.

Others in the house knew of her plight, but when they offered food she declined to take it, saying that if she could not repay them either with money or labor she could not accept their kindness. Finally another woman living in the house went to her room with food, determined to make another effort to save the seamstress. She was horrified to find the latter dead on the floor. It is said the woman comes of a good family and that she was well educated and refined.
